欢迎辞

中央农村工作会议突出强调“把推进农业供给侧结构性改革作为农业农村工作的主线”。为适用新形势、新要求，迫切需要完善现代农业管理方式，加强市场信息对农业供给侧结构性改革的引领作用。近年来，中国农业市场化与信息化工作取得重要进展，建立了具有开创性和先导性的中国农业展望大会制度。2014 年中国农业科学院农业信息研究所主办了首届中国农业展望大会；2015 年召开了第二届中国农业展望大会，农业部市场预警专家委员会发布了《中国农业展望报告（2015-2024）》；2016 年召开了第三届中国农业展望大会，受到了国内外广泛关注。

为贯彻落实十八届六中全会、中央经济工作会议、中央农村工作会议、全国农业工作会议和中央 1 号文件精神，深入推进农业供给侧结构性改革，加快农业现代化，第四届“中国农业展望大会”兹定于 2017 年 4 月 20-21 日在北京召开。大会由农业部市场预警专家委员会支持，中国农业科学院农业信息研究所主办，农业部信息中心、农业部农村经济研究中心、农业部农业贸易促进中心等协办。大会将发布《中国农业展望报告（2017-2026）》，展示中国农产品供需形势最新分析结果，我谨代表大会组委会诚挚邀请您参加本次盛会。

大会主要任务包括三个方面：一是发布中国农业展望报告，大会将发布《中国农业展望报告（2017-2026 年）》以及粮食、棉花、油料、糖料、肉类、禽蛋、奶类、蔬菜、水果、水产品等农产品分品种展望报告。二是进行宏观经济与农业热点专题研讨，针对农业供给侧结构性改革、“互联网+”现代农业、大数据与农业监测预警、农业资源环境、农村金融与保险、国际农产品贸易等“三农”热点专题进行研讨。三是交流农业监测预警、农业大数据等理论与方法的最新成果，围绕农业展望方法与模型、农产品监测预警技术、农产品监测预警系统、农业信息分析方法与技术等，开展学术成果交流。

本次会议，国家有关部委、科研院所、高等院校的有关领导、专家，新兴农业经营主体、企业代表、国外及国际机构专家学者，以及农业信息、市场预警、农业展望等领域专业人士，将齐聚一堂，交流观点，展望未来，共同分享中国农业发展成果。

我们热切期待 2017 年春天与您相逢在北京！

“2017 中国农业展望大会”执行主席 许世卫

Welcome Remarks

The Central Rural Work Conference has highlighted the need "to promote the agricultural structural reform of the supply side as the main line of agricultural and rural work". To adapt to the new situation and new requirement, it is imperative to improve the management of modern agriculture and to strengthen the leading role of market information on the agricultural supply-side structural reforms. In recent years, China has achieved substantial progress in agricultural marketization and informatization, with the establishment of the groundbreaking and pioneering Institutionalization of China Agricultural Outlook. The 1st China Agricultural Outlook Conference (AOC) was hosted by Agricultural Information Institute of Chinese Academy of Agricultural Sciences in 2014; the 2nd Outlook Conference that held in 2015 witnessed the official launch of the "China Agricultural Outlook (2015-2024)" by Market Early Warning Expert Committee of Ministry of Agriculture; and the 3rd Outlook Conference held in 2016, drew extensive attention at home and abroad.

In accordance with the policy guidelines adopted by the Sixth Plenary Session of the 18th Communist Party of China (CPC) Central committee, the Central Economic Working Conference, the Central Rural Work Conference and the No.1 Central Document, to deepen the supply-side structural reform in the agricultural sector, the 4th China Agricultural Outlook Conference will be held in Beijing from April 20 to 21, 2017. This event, with support from Market Early Warning Expert Committee of Ministry of Agriculture, will be hosted by Agricultural Information Institute of CAAS, and co-organized by Information Center of MOA, Research Center for Rural Economy of MOA, Agricultural Trade Promotion Center of MOA. The conference will launch the "China Agricultural Outlook (2017-2026)", which contains the latest analyses in the demand and supply of agricultural commodities. On behalf of the Organizing Committee, I would like to sincerely invite you to participate in this conference.

The major agenda of Conference includes: (i) Releasing China Agricultural Outlook Report. The conference will release China Agricultural Outlook (2017-2026), covering 18 agricultural products such as grain, cotton, oilseed, sugar, meat, poultry eggs, dairy products, vegetable, fruit etc.; (ii) Deliberation on hot topics in macro-economy and agricultural development. AOC will organize seminars on pressing topics relating to China's agricultural development, such as agricultural supply-side structural reform, "internet+" modern agriculture, big data and agriculture monitoring and early-warning, agricultural resources and environment, rural finance and insurance, international agricultural trade, etc.; and (iii) Sharing the latest accomplishments in the theories and methods in the areas of agricultural monitoring and early-warning. The conference will facilitate academic exchange pertaining to achievements in agricultural outlook methods and models, agricultural monitoring and early-warning technology, agricultural monitoring and early-warning system, agricultural information analysis methods and technology, etc.

The conference will bring together officials and practitioners from relevant ministries, scientific research institutions, universities, private sector, new type of entities in agricultural production and agribusiness, as well as professionals and scholars in the fields of agricultural information, market early warning, agricultural outlook, offering them an effective platform to jointly discuss the development of China agriculture in the next decade, and to share the achievements of China agriculture.

We look forward to meeting you in the spring of 2017 in Beijing!
